DESCRIPCION DEL LIBRO LEVIATAN

Traducido por Antonio EscotadoLeviatán es un estudio sobre la naturaleza humana y la forma en la que ésta se desenvuelve en la sociedad. En una primera parte, Hobbes realiza un estudio ontológico del hombre, para luego analizar su posición en y con la sociedad. Para Hobbes el hombre es producto de la experiencia, formada por la repetición de hechos que se almacenan en la memoria. En la segunda parte, se desarrolla su idea del contrato o pacto social, que es desarrollado por los hombres para garantizar su seguridad individual y acabar con los conflictos propios que generan los intereses individuales. Aquí aparecen las leyes morales, que son aquellas que se oponen a las pasiones naturales del hombre. En la tercera parte, dedicada al estado cristiano, crítica a la autoridad divina y aboga por la total sumisión de la iglesia al soberano. La última parte, "Del reino de la oscuridad", no se refiere al Infierno, sino a la oscuridad de la ignorancia como opuesto a la luz del verdadero saber. En esta obra, Thomas Hobbes, asienta las bases de la teoría contractualista y expone también algunos de los conceptos fundamentales del liberalismo, así como una concepción materialista del ser humano.
